

## **Professional Plus and Contracting Services Environmental Liability Insurance Policy Product Profile**

Great American Insurance Group's Professional Plus and Contracting Services Environmental Liability Insurance Policy provides coverage for actual or alleged acts, errors and omissions in Professional Services performed by or on behalf of the Insured on a claims-made basis. The policy also allows for indemnity protection for the Insured's loss resulting from the actual or alleged acts, errors and omissions in Professional Services performed by their contracted design professional. In such a case coverage can be triggered by the Insured and applies in excess of the contracted design professional's errors and omissions limits. This policy also covers bodily injury, property damage, legal expenses and clean-up costs resulting from pollution conditions associated with Contracting Services on an occurrence basis. There is liability coverage for both ongoing contracting services along with completed operations coverage to provide protection after the job is finished. It also covers liability associated with non-owned disposal sites, transportation of products or wastes and owned locations on a claims-made basis.

Some of the benefits of Great American Insurance Group's Professional Plus and Contracting Services Environmental Liability Insurance Policy include the following:

- ✓ Coverage is provided for Professional and Contracting Services performed by or on behalf of the Insured.
- ✓ The policy includes a first party triggering mechanism for the professional indemnity coverage section.
- ✓ Coverage is provided for both sudden and gradual pollution events at a job site.
- ✓ The policy includes a discovery trigger allowing the Insured to initiate coverage for sudden pollution conditions that the Insured discovers at a job site.
- ✓ Coverage for specific projects is available through a project excess endorsement.
- ✓ Circumstance wording is provided for the professional coverage.
- ✓ Coverage is provided for sudden pollution conditions that migrate from the insured's covered locations.
- ✓ Coverage is provided for non-owned disposal sites on an unscheduled basis.
- ✓ Coverage is provided for both in-bound and out-bound transportation to or from a job site or covered location.
- ✓ Coverage is provided for natural resource damages.
- ✓ Coverage for legal expense is provided within the limit of liability.
- ✓ Coverage is provided for compensatory, punitive, multiplied or exemplary damages and civil fines, penalties and assessments where insurable by law.
- ✓ The policy's definition of bodily injury includes building related illness and medical and environmental monitoring.
- ✓ The policy's definition of pollutants includes mold matter, petroleum hydrocarbons, EMFs and legionella.
- ✓ The policy's definition of pollution conditions includes the illicit abandonment of pollutants.
- ✓ The policy includes a ninety (90) day automatic extended reporting period and provides for a three (3) years optional extended reporting period.
- ✓ The policy provides for Cumis Counsel where entitled by law.

This policy is ideal for General Contractors operating under the design/build delivery method. Such General Contractors face environmental and professional exposures everyday and would benefit from the protection offered under Great American Insurance Group's Professional Plus and Contracting Services Environmental Liability Insurance Policy.
